Durch seine technische Bindung und das Zusammenspiel der Kontrastfarben erinnert dieser Stoff auf den ersten Blick an ein Wirkgewebe. Ein reliefartiger 3-D-Oberflächeneffekt, jedoch ruhiger und sanfter als etwa Opera, und mit 100'000 Martindale der widerstandsfähigste Stoff überhaupt.

A special technical weave with an interplay of contrasting colors recalls the look of a knitted fabric. A 3-D surface texture effect yet smoother and softer than Opera. With 100'000 Martindale this is the most durable fabric of all.
